Re: Advertisement in Warrington Worldwide

Dear Gary,

Just a quick line to express our thanks to you and your staff.

We chose Warrington Worldwide Magazine because as a quality publication we felt that it would target the market we wanted, and we have been proven right.

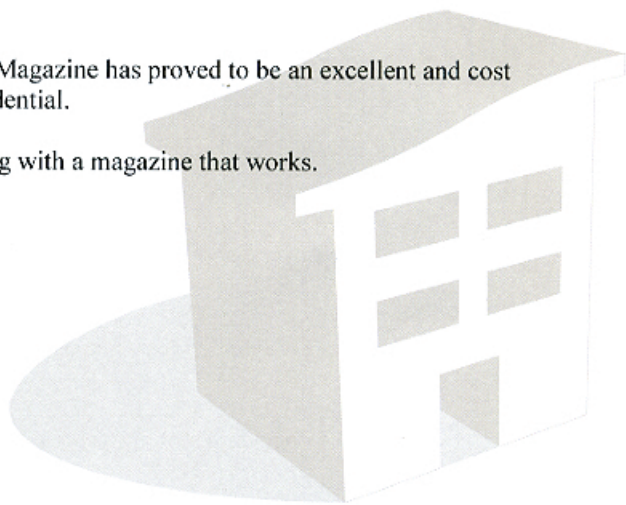

The publication has attracted an increase in enquiries of over 650%, and as a new business in Warrington that exposure has increased our profile above and beyond expectation.

Advertising in Warrington Worldwide Magazine has proved to be an excellent and cost effective medium for Liam James Residential.

We will continue to invest in advertising with a magazine that works.

Many Thanks
Best Wishes
