Testimonial for Gary Skentelbery – Orbit News/Lymm Life

I enlisted Gary's services to help promote Paul Mason fitness latest venture in Lymm when we opened Mason's Health Fitness and Wellbeing studio at the White Rooms in October and have run a series of advertisement's and editorial in Lymm Life, to help raise awareness and promote our services in the village.

Gary and his team have been very helpful and showed great patience and professionalism especially when my manic schedule often leads me to submit things right up to the deadline.

Gary has also gave me additional editorial space to support our advertisement which has given more impact to the message and this has now started to result in a return from my investment demonstrated by 80% of my new clients at Lymm coming from awareness raised by my advertising in Lymm Life.

I am considering rolling out to Gary's other publications around Cheshire and I fully endorse his company's services and Gary without hesitation.

Best Regards

Paul Mason
