Editor's Comment

FLOODING problems have been ongoing in and around the Culcheth area for many years - but this year reached unprecedented levels.

Whether this is down to more rain and global warming, or less gully cleaning due to council cutbacks I don't know - but suspect a combination of both has added to the issues.

Let's hope the £300,000 Environment Agency funding on the renewal of the Culcheth Culvert helps ease the flooding issues

moving forward.

But it is also vitally important that gullies, not just in Culcheth - but right across Warrington are maintained on a regular basis as flooding issues are not just unique to the Culcheth area.

While you can get away without grass cutting as often to save money, reducing gully cleaning is a

false economy as the clean-up costs and emergency response will end up costing more than the short term savings.

Meanwhile on a positive note it is good to see Culcheth Players have managed to find a new venue at Newchurch Parish Hall after more than sixty years at Culcheth Sports Club (The Daten).

A vibrant amateur dramatics society is an important part of community life so it is good to see it will be business as usual moving forward.

WI resumes after 17 months

AFTER a gap of 17 months, Glazebrook WI finally met again.

Speaker was Keith Vigurs, a retired bank manager, but with now a much different job. His talk was, the "Mystery Shopper". This 20 year experience, was highlighted, by tales of mystery visits to many, unexpected places, including, travel agents, vets, Toyota cars, Dixons, Brewers Fare, Dog Tracks, Greggs, pharmacies etc.

The criteria was also varied 6-7 points. Meeting interesting, and sometimes unusual situations. This is now becoming more computer based, which does not suit Keith. His life, being so full also includes, male voice choir, hospital volunteer, TV extra, and steam

railway volunteer.

Quite a 'retirement' to achieve. Giving many thanks to various groups. A vote of thanks was given by Margaret Hornby.

Deadline for the October issue of Culcheth Life is September 28

Drama group moves home after 63 years

AFTER 63 years at Culcheth Sports Club – formerly The Datan – the Culcheth Players drama group has been forced to move home.

They have moved to Newchurch Parish Hall after months dismantling equipment, sorting through props and costumes and transporting endless van loads across the village.

All while having to work within Covid restrictions.

And when the gear arrived at the Parish Hall, it all had to be re-assembled.

A number of members took part in the operation – giving their time to make sure Culcheth Players could carry on.

Spokesperson Julia Nellist said: "The curtain has come down at The Datan and gone up again at the Parish Hall.

"The Parish Hall committee couldn't have been more welcoming and accommodating to Culcheth Players. They were extremely patient, too, when they found their hall floor had been taken over by banks of costumes, piles of wood and scenery and boxes of props. However, the work began quickly on the stage area. Cupboards were built, scenery erected, curtains were hung and lights wired in.

"Gradually, the hall was cleared and a home was found for everything."

The move was necessary because the stage area and dressing rooms at The Datan are being redeveloped as a dance studio.

Now, Culcheth Players are ready to welcome audiences back and are busy rehearsing for a play to be staged on Thursday October 7 to Saturday October 9, at 7.30 pm. Tickets will be £7.50 including light refreshments.

The play is entitled "Inspector Drake and the Perfekt Crime", a comedy by David Tristram which contains some adult humour.

Tickets can be reserved by phoning 07943 517710 or through Ticket Source at www.culchethplayers.co.uk. Alternatively, they can be purchased in cash on the night of the performance.

Culcheth Players would love local residents to turn up and support them. They would also welcome new members, both for acting and back stage roles. They meet on Monday and Wednesday nights at Newchurch Parish Hall, Common Lane, Culcheth at 7.30 pm.

Telephone 07943 517710 for further details.

Final curtain call at Culcheth Sports.

63 Years worth of props.

Where Learning is Fun!

Unprecedented flooding forces essential shops to close

UNPRECEDENTED flooding at Culcheth forced essential shops in the village to close for a time, while homes and other businesses in the village were impacted.

Local Cllrs Wendy Maisey and Carol Benson, have been campaigning for blocked drains and gullies to be cleared and although work is ongoing it didn't come quick enough to prevent ongoing issues across the village.

Cllr Wendy Maisey said: "The past 10 days have brought unprecedented flooding in areas of Culcheth. As well as residents' homes being affected, we've seen essential shops like Sainsbury's and Co-Op having to close due to flooding. Local pubs and clubs were badly affected too and some had to close during evening meal service.

"Whilst we've had good news about the renewal of the Culcheth culvert on Churchill Avenue with £306,000 of Government funding, we need a joined-up multi-agency approach to stop this from happening

again."

Cllr Carol Benson added: "Having spent months chasing and pressing Warrington Borough Council, various gullies have now been cleaned and the main cleaning schedule which started in May is ongoing.

"The drains are having their gully cleared but if the outlet pipe is blocked they jet it. If that fails that drain is reported to be dealt with separately. This is obviously happening to a number of gullies due to the lack of maintenance for years and our villages have suffered.

"I have had a discussion with the Highways Manager at WBC raising concerns about the general management of these drainage systems and also had conversations with United Utilities.

"Once this current schedule has been completed the focus must move

to improve the frequency of the cleaning schedules going forward.

"This has been and will continue to be very high on my agenda as a resident, Borough and Parish Councillor.

It followed on from residents rallying and showing true community spirit as heavy rain resulted in more flooding issues in the village.

Using buckets and brushes residents were joined by local councillors to tackle the flooding on Thames Road.

Firefighters from Birchwood were also called to a house affected by

flood water in Brookfield Road.

The crew isolated the electrics and used a small pump to remove the flood water from the house.

Raven campaigners explore government funding

THE Help Save the Raven group are exploring government funding to help purchase the Raven pub for the community.

In July the Government launched a new £150 million 'Community Ownership Fund' to help support voluntary and community organisations to take ownership of community assets at risk and run them as sustainable community businesses. Pubs are included as eligible assets.

The fund will contribute up to 50 per cent of the total capital costs with the applicant having to raise the other funding through other sources.

Applicants can bid for up to £250,000 capital funding, up to £50,000 revenue funding and funding for project development.

Spokesperson Peter Sturman said, "This is excellent news for everyone who has been fighting to save the Raven.

"Whilst we have two local business people, who have been trying to purchase the Raven for the community, this fund represents an opportunity to meet up to half the purchase cost, plus financial help towards other necessary costs.

"It highlights continuing government concern about the loss of community assets like the Raven".

A results day like no other!

GCSE Results Day 2021 at Culcheth High School WAS a results day like no other!

The global pandemic and huge disruption to the education system hugely impacted on learning and caused a change in the way that this year's GCSE qualifications are assessed with GCSE exams cancelled and teachers assessing students instead.

Despite this, it was a vibrant and exciting morning at Culcheth High School as students, parents and staff celebrated some excellent GCSE results, this year.

Head Teacher Chris Hunt said: "On behalf of the staff and governors of Culcheth High School, I would like to congratulate our Year 11 students on their excellent GCSE exam results. There have also been some fantastic individual performances, which reflect the hard work of the students in their GCSE studies. I would like to take this opportunity to thank the students for their efforts and wish them all the very best in their next steps.

"We are delighted with and very proud of our students' achievements, and I would like to thank all the staff for their dedication and hard work which have supported this level of achievement through the GCSE courses.

"Finally, a big thank you to all the parents and guardians who have supported the students and school to help our young people achieve this level of success in their GCSE examinations.

"It would not be surprising to hear media reports of 'grade inflation' because it is likely that the distribution of GCSE grades is different from years when exams had taken place, or indeed last year's grades when exams were cancelled. This is because this year's approach to GCSE assessment is completely different from other years and making direct comparisons is therefore, impossible. It would be like comparing apples to oranges. This does not represent a devaluing of the 2021 GCSE grades awarded to students. It is quite the opposite; this cohort of students has suffered more educational disruption than any cohort since the Second World War and their achievements are extraordinary in such difficult circumstances and should be celebrated.

"Culcheth High School's 2021 GCSE Results aren't just down to 'Centre Assessed Grades' but are a result of five years of dedication, enthusiasm and hard work on behalf of everyone in our school community. Students have achieved what they fully deserve and it fills us with pride that they leave Culcheth High School to start their next chapter in their journey.

"All students leave us after contributing so much to our school community, showing us that they can be the best that they can be and upholding our school values

of respect, honesty and excellence. We wish every single student from Culcheth High School's Class of 2021, all the very best for the future. Good Luck! #WeAreCHS

individual academic success and some outstanding personal progress.

CULCHETH • LEIGH • NEWTON

New church garden of the whole

A new church garden at Culcheth Methodist Church is for the benefit of the whole community.

Just over two years ago church members had the vision of creating a Community Garden on the grassy area in front of the Methodist Church. It would incorporate seating, growing and sensory areas and would be eco-friendly, accessible and inclusive, encouraging social interaction, good mental health and general well-being. It was important to members for their Church to be seen as 'welcoming, vibrant and doing something practical to engage with the Community outside the four walls.

Janette Hutchinson (on behalf of the Garden Team) said: "After preliminary discussions, the idea was embraced and encouraged by our Church Family, with a small group who became the 'Garden Team' volunteering to undertake the planning and practical tasks. Our project was boosted by a generous financial donation from 'Open Gardens 2019' and by kind donations of items and money from supportive individuals. Subsequent successful grant applications have enabled us to invest in good quality longer-lasting materials for the key structural elements and we are very grateful to the organisations involved.

"Despite all this enthusiastic planning, the first tomatoes being grown in pots and a herb planter being erected, the development of

the main area was considerably delayed, initially by building works to improve the Welcome Area inside our Church and then by the restrictions of Covid 19 until April 20th 2021 when the digger arrived and work commenced! (to the excitement of ABC children!)

"A week later we had a completed paved area and curved Hoggin path, with two generously donated benches being secured shortly afterwards and instantly enjoyed by members of the community of all ages.

"Since then (and in all extremes of weather) we, as a team, have built two larger raised beds, had the kind donation of an individually designed sensory bed sited between the benches and, most recently, created an accessible high planter for wheelchair or seated use, in keeping with our aim of making the area as inclusive as possible.

"It was important that this should be a garden for anyone to participate in and contribute towards, so before commencing we invited suggestions and offers of help from the immediate neighbours, user groups and members of our Church, with some people growing seeds at home to be planted in the garden. Others have donated plants, pots, expertise, time and labour – all greatly appreciated, especially the help with watering in the hot weather, aided by the newly

HELP US TO CREATE A UNIQUE POOL OF TALENT

From working out whether oil reservoirs will cause the North Sea rigs to rust, to high-tech 'leak extinguisher' technologies for industrial plant and equipment to keep those leaks at bay: it's a (surprisingly) exciting time at Rawwater.

Culcheth, Cheshire WA3 4JE

Den for the benefit of the community

installed tap!

"We have constructed a children's teepee of runner beans as a den and we are delighted that ABC have grown bunny tails and sunflowers for us, as well as loving the brilliant bugs created by our Brownies to brighten the area. We can't wait to see what crafty additions arrive in the future!"

"Over the last three months, it has been fantastic to see flowers and veg. maturing in the garden. The luscious strawberries and lettuce were highly recommended and there are currently courgettes, beans and tomatoes to be picked daily, as well as sweet peas, so there is an open invitation to 'HELP YOURSELF' to ripe produce or herbs from the planter. There is nothing that gives our group more pleasure than to see people enjoying the delights of God's creation as they sit in the garden or share its harvest. We all love the comments and conversations we have with people passing by as

we work in the garden.

Janette added: "As the 'Garden Team' we are all very grateful to everyone who has contributed so far towards making the garden a place to be shared with and enjoyed by members of the wider Community, as well as the Church. It continues to be work in progress and we have lots of creative plans to develop it further, particularly as Covid risks continue to reduce, so are open to suggestions and always keen for new volunteers."

Anyone interested in learning more or would like to be involved please do get in touch on 01925 766819 (Janette and Ashley) or leave a message in the Church letter box. Physical labour is not essential however and visitors are equally welcome to just sit and watch the world go by!

The Gardening Guide

“ Give evergreen hedges and topiary a final cut so they present a nice sharp profile throughout the winter. ”

Simon Bax,
Plant Area Specialist

- Make sure that pests such as slugs and snails and diseases such as mildew are dealt with as soon as they are seen
- Fruit trees can be planted now as they benefit from the warm soil and the cool air
- When the autumn rain arrives fertilise your lawn with a slow release autumn feed
- Reduce watering and feeding in preparation for the winter period when most plants go dormant and just need keeping moist

Residents urged to use walk-in centres to ease pressures on A&E

WARRINGTON & Halton Hospitals is appealing to residents to use local walk-in centres to ease pressures on the A&E department at Warrington Hospital which continues to be under "extreme pressures."

With many people choosing to visit A&E with minor ailments the extreme pressures are causing lengthy waiting times.

Urgent treatment centres are a facility you can go to if you need urgent medical attention, but it's not a life-threatening situation. They're equipped to diagnose and treat many of the most common ailments people go to A&E for.

You may be referred to an urgent treatment centre by a GP or NHS 111 who can book time slots to attend at the centre. You can also just turn up and walk-in.

There is also an online facility whereby people can check the waiting times before turning up. <https://dashboard.whh.nhs.uk/ed/>

Dr Alex Crowe, Executive Medical Director, WHH said: "Our hospital Emergency Department is currently under extreme pressure and we need your help.

"We are seeing a rise in patients coming into the hospital which means much longer waiting times with increased pressure on staff who are working hard to ensure that they see and treat the sickest patients first.

"Please remember that Accident & Emergency is for life-threatening emergencies or accidents only. Lots

of patients that are coming to the department could be better treated or advised elsewhere.

"If you need urgent medical advice and are not sure where to go then please ring NHS 111 and the trained advisors will direct you to the right service.

"Your GP should be your first point of call, if it is NOT a life-threatening emergency or accident. Your GP is open and your practice can be contacted online, through an app or by phone so you can be assessed.

"If you need a face-to-face appointment you will be given one. Measures have been put in place to protect patients and staff from COVID-19, so it is safe to attend.

"High street Pharmacists are also qualified to give advice and dispense medicine for a range of illnesses including coughs, colds, stomach upsets and skin conditions. They can provide many treatments 'over the counter' to help you get better at home.

"We also have two excellent Urgent Treatment Centres which are open 8am – 9pm every day in Widnes and Runcorn. There is convenient parking and a free shuttle bus between Runcorn and Warrington hospitals.

"Our closest Urgent Care Centre is based at Halton Hospital in Entrance 2, Halton General Hospital, Hospital Way, Runcorn, Cheshire, WA7 2DA."

Meanwhile, Dr Colin Wong says one of the significant Challenges is the number of children attending A&E/ED in Warrington hospital for minor ailments, and taking up precious time needed to care for poorly patients who need to be seen by a doctor or nurse, in an Emergency.

He says that with the easing of lockdown more children have been mixing and coming into contact with viruses usually seen in the winter months.

These include a range of respiratory infections, bronchiolitis, para flu and rhinovirus, all of which produce symptoms of cough, runny nose and fever. These can often be treated at home.

He said: If your child has a temperature then giving them medicine or tablets containing either ibuprofen or paracetamol, should help to bring their temperature down.

"However, if the child continues to deteriorate, then concerned parents should get medical advice and help. If in doubt call NHS 111 and they will be able to signpost you to the right treatment in the right place.

"Concerned parents can also take their children to the Runcorn Urgent Treatment Centre, at Halton, which is open every day between 8am and

9pm or if you live in Widnes – there is also the Widnes Urgent Treatment Centre.

"Also, local Walk-in Centres, GP practices or your local Pharmacist are fully trained to give expert advice on how to treat minor ailments."

Conditions that can be treated at an urgent treatment centre include:

- sprains and strains
- suspected broken limbs
- minor head injuries
- cuts and grazes
- bites and stings
- minor scalds and burns
- ear and throat infections
- skin infections and rashes eye problems
- coughs and colds
- feverish illness in adults
- feverish illness in children
- abdominal pain
- vomiting and diarrhoea
- emergency contraception

For the latest information on waiting times visit <https://dashboard.whh.nhs.uk/ed/>

When you think you need A&E, contact NHS 111 by phone or online.

NHS 111 is free and is available 24 hours a day, 7 days a week. Depending on the situation, we can:

- Book you in to be seen quickly and safely, at an Accident & Emergency (A&E) / Emergency Department.
- Direct you to an alternative, more appropriate local service, such as an urgent care centre
- Connect you to a nurse, emergency dentist, pharmacist or GP
- Arrange a face-to-face appointment, if required
- Tell you how to get any medicine you need
- Help you with self-care advice

Contacting 111 first will help us manage the number of people in A&E / Emergency Department waiting rooms and maintain social distancing. It will also ensure that you receive the right care in the right place, in a more timely way.

If you or someone you know is experiencing a life-threatening medical emergency, you should still attend A&E or call 999 immediately.

JUST THINK 111 FIRST
Go to 111.nhs.uk or call 111

Also available by NHS 111
British Sign Language interpreter service
at nhs.uk/111 and textphone on 18001 111.

Around the world in 25 years...

25
YEARS
ICC SOLUTIONS LTD

Over the last 25 years, a small company in Warrington has been having a huge impact on your wallet!

Since the 1920s, people around the world have been able to use credit cards. What was a novelty back then is now common-place, whether it's credit, debit or contactless. But have you ever wondered about the companies that make it all possible?

In 1996, ICC Solutions had three employees and a bucket-load of ambition. Fast forward to 2021 and it's a globally recognised company within the payments industry, employing over 40 people and exporting to over 100 countries.

It didn't all happen by chance though. Drive, ambition, and a strong will to succeed saw David Maisey spot a gap in the Chip & PIN market and take a leap of faith to start the company. Together with Wendy, the Maisey's have ensured that ICC Solutions goes from strength to strength. With a dedicated team behind them, their innovations in payments has ensured global success and quite a few accolades along the way.

In 2012, ICC Solutions was delighted to become double winners of the Queen's Awards for Enterprise in the Innovation and International Trade categories. This was quickly followed by another Queen's Award for International Trade in 2016 and Innovation in 2017.

Wendy and David have also been recognised for their achievements individually, with David becoming a Deputy Lieutenant for Cheshire and also recognised as Outstanding Cheshire and Warrington Business Leader in 2018. Both are Northern Powerhouse Export Champions and, in addition, they were delighted to be recognised for their contribution to international trade and the UK economy when they were both awarded with an O.B.E. in the Queen's 2020 New Year Honours List.

After 25 years of success, the company is looking forward to celebrating the achievement in 2021, although with the fast paced, ever-changing payment industry, there's no such thing as a day off, and ICC Solutions is looking forward to the next challenge, and hopefully the next award!

Green light for 30th anniversary Disability Awareness Day (DAD) 2021

THE 30th anniversary of Warrington Disability Awareness Day is set to go ahead on Sunday September 12.

After closely monitoring updates on guidance relating to the COVID-19 pandemic the organising team behind the UK's largest voluntary led pan-disability exhibition have announced that the event at Walton Hall & Gardens will go ahead.

Event co-ordinator Dave Thompson MBE DL said: "The health and safety of our visitors, exhibitors and our team is always our number one priority. This is particularly important given the communities that DAD involves. After consulting with Public Health and our Local Authorities Events Safety Team to ensure we can follow national and local guidance, and we are pleased to confirm that our 30th annual event will go ahead on Sunday September 12."

Dave added, "We are very pleased to announce that disability education specialists Expanse Learning Group and the North West's water supplier United Utilities, are leading our list of sponsors for #DAD2021".

The aim of this year's event is to promote independent living through the theme "It's what disabled people can do that matters". #DAD2021 exhibitors will showcase solutions supporting independent living and mobility, with equipment, products, transport, employment, education,

training, health and social care, leisure activities, alongside over 100 charities/support groups.

Most of this year's exhibitors will be housed in a huge tented village of marquees, which will be supported by a Sports Zone, a Centre Arena, a huge Performing Arts Marquee and a children's play area.

On the day, visitors can gain an insight into the help and support that is available locally, regionally and nationally. They can "have a go" at sports activities including basketball, fencing, boccia, football, rugby league, boxing, cricket, tennis and scuba diving in the on-site pool.

For those looking for a more relaxed day there will be a fantastic line-up of talent in the Arts Marquee with some of the UK's leading disabled artists, or they can sit alongside the Centre Arena watching dog display teams, birds of prey, bands and sports demonstrations. Children can visit the funfair rides or accessible onsite zoo, crazy golf, high ropes and putt.

#DAD2021 will be the finale of a week of complimentary events. For more details of these events, please contact the DAD Admin team or visit www.disabilityawarenessday.org.uk

Support services at #DAD2021 will include a free accessible Park and Ride service, free accessible busses from Warrington Town Centre, a free scooter and wheelchair loan service with trained enablers, British Sign Language interpreters, additional unisex wheelchair-accessible toilets and over 100 trained stewards and helper's eager to make it a day to remember for everyone.

DAD continues to capture the imaginations of organisations around the UK and worldwide

with events planned in Cameroon, India, Uganda and more. It is no wonder that DAD continues to be recognised as the world's largest voluntary led pan-disability independent living exhibition and family fun day covering physical, sensory and learning disabilities and mental health, and all ages.

For any enquiries, please contact Warrington Disability Partnership on 01925 240064, or contact Dave directly davethompson@disabilitypartnership.org.uk

Promoting Independence Through Life and Work

Ultrafast broadband arrives in villages

ULTRAFast broadband has arrived in Culcheth and Croft – assisted by the government's Gigabit Broadband Voucher Scheme.

Residents will soon be able to obtain the new service through Talk Talk, BT or other providers – the final link being when fibre cable is laid to individual houses

Back in March, residents were being exhorted by both BT Openreach and TalkTalk to sign up for the scheme, which provided £1500 per household towards the installation of the local fibre cabling and infrastructure needed.

'Ultrafast' is the name given to broadband with speeds up to 1000 megabits/sec – or 'gigabit' – produced by bringing optical fibre to the premises (FTTP) as opposed to the local distribution cabinet (FTTC). Up to now, only the latter has been available locally, which meant much slower broadband speeds because the signal from the cabinet to individual houses had to come via copper wire, degrading the speed.

It wasn't clear exactly which parts of the area would benefit, and how far the fibre infrastructure would go. So a group of Kenyon residents got together to try and ensure that their houses would be served.

They contacted Freedom Fibre, a new Manchester company working with TalkTalk, to put pressure on them to install the cabling up

Kenyon Lane and Main Lane, where the coverage was in doubt because of their outlying position. Towards the end of March they got the great news that Freedom Fibre had agreed to extend the coverage to their houses.

At the end of July this bore fruit with the installation of the fibre cabling on the telegraph poles, some newly installed, up Kenyon Lane.

One of the group of Kenyon residents, Norman Partington, is a member of Croft Parish Council.

He said: "With more residents working from home post-Covid, Ultrafast broadband will be a huge benefit".

CLASSIFIED

CARPET CLEANING

A1 STAINBUSTERS. A Warrington company cleaning carpets, hard floors, Upholstery (Leather + fabric) and curtains in situ. FREE quotes for domestic and commercial. Approved carpet cleaners for Hancock and Woods for over 10 years. Call John on 07765 314080 (02/22)

Warrington & Vale Royal College celebrates outstanding results

Warrington & Vale Royal College

Warrington & Vale Royal College is celebrating an incredible 100% pass rate, with 75% of Level 3 BTEC students achieving Distinction grades and 98% achieving Merit grades.

We are delighted with this year's vocational results and extremely proud of how hard all of our students have worked to achieve such impressive grades. The students are looking forward to taking their next steps, with record numbers progressing onto their first-choice university for further study.

Congratulations class of 2021!

Emilija Taneska

Level 3 Business

Level 3 Business student Emilija has achieved an outstanding Triple Distinction*, the highest vocational grade possible. This September she will be progressing onto The University of Manchester to study Modern Language and Business & Management (French), combining her passion for business and language.

Rhianna Gregory

Level 3 Health & Social Care

Level 3 Health & Social Care student Rhianna will be progressing onto University of Salford to study Learning Disabilities Nursing, after achieving a brilliant A* grade. Rhianna is delighted with her results and looking forward to this exciting next step.

Joseph Redmond

Level 3 Science

Level 3 Science student Joseph has completed his course and achieved an amazing Double Distinction* & Distinction. He has secured an impressive role as an Apprentice Service Engineer with Thermo Fisher Scientific, the leading company for developing and manufacturing scientific products.

Molly Horrocks

Level 3 Art & Design

Level 3 Art & Design student Molly is delighted with her excellent Distinction grade and excited to be progressing onto Manchester Metropolitan University this September to study Photography. Molly loves being creative and is looking forward to developing her skills further.

Exciting courses for adults!

Did you know that Warrington & Vale Royal College offer a wide range of courses for adults?

Whether you are looking to develop new professional skills to help progress in your career, strengthen your knowledge to help make you more valuable to your current employer or just want to learn something new we are confident you can find something for you.

Our course options include:

Apprenticeships - open to all ages

Access to HE - for those wanting to study for a degree in the future

Higher Education Certificates & Diplomas - with significantly lower tuition fees than universities

Professional courses accredited by specialist awarding bodies in their field

Online courses - perfect for adding new skills to your CV

Basic digital skills courses for those who usually avoid using a computer, tablet or smartphone

Plus, a whole host of short leisure courses including topics such as: art & design, creative writing, floristry, hair & beauty, languages, sign language and well-being.

What are you waiting for?

Check out the full range of courses starting this September in our summer course guide at: wvr.ac.uk/summer.

Not enrolled yet for September 2021?
